

Just moved from Texas to Edmond, Ok. and finding the K-LOVE signal here was like bringing a part of "home" in Texas with me! Edmond, OK is a northern suburb of Oklahoma City, which is the BUCKLE of the Bible Belt, and because of the positive and encouraging music K-LOVE plays, it's been extremely pleasing to me to find that MANY local businesses play K-LOVE all day long. With our nation being always on "high alert" for terrorism, stress is up!!! Too many of us live emotionally on edge all the time, with loved ones in Iraq/Afghanistan. K-LOVE is so important for this and all communities to be able to access, b/c their message always puts in the mind/hearts of it's listeners that there is a God up in heaven, and it helps to calm fears, and re-direct thoughts and emotions which bring calmness and tranquility into our homes, offices, autos...into our lifestyles! It is definitely in the public interest to keep the K-LOVE SIGNAL blasting all over North America. I know I speak for hundreds of people. Please, don't let the LPFM stations take priority over the current FM Translator services. If the proposed changes pass, you will be forcing Translators off the air!!! We want to keep the K-LOVE message alive and strong over these United States. I oppose your LPFM propositions. Please consider the loss to our nation as great if K-LOVE is forced off the air.
